Detailed Information and Furniture Now!'s Re-use Guarantee!

Operating System

All laptops are factory refurbished and loaded with their original operating system, the licence sticker being clearly stuck on the bottom of the machine.

Wifi Enabled

Most laptops have both wireless and hard wired network capabilities. Let us know what you want.

Virus Guard

Microsoft Security Essentials has been installed as a free virus guard and AVG has been left on the desktop for an optional install for the customer.

Free Software

A free picture viewer has been installed. Microsoft provides video decoding via Media Player that is built into the operating systems.

Warranty

All laptops have been PAT tested, tested for functionality and come with a three month warranty.
